Mr. Rolland L. Lindblade  
1017 N. 90th Street, No.2  
Omaha, Nebraska 68114

Dear Mr. Lindblade:

Thank you for your letter of recent date concerning reception of our station. Your reception of our particular log is absolutely correct. I apologize for taking so long to respond to your letter, however, you can probably imagine the amount of work involved, since we have been on the air only three weeks. Being Vice President, Sales Manager and Chief Engineer can keep a person quite busy.

Thank you again for taking your time to write us and if you are ever in this area, please stop by to visit us.

Sincerely,

Bernard S. Morris  
Vice President and Chief Engineer  
WPTB Broadcasting Company, Inc.
