December 30, 1975

Rolland L. Lindblade
1017 N. 90th St. #2
Omaha, Nebraska 68114

Dear Mr. Lindblade,

Thank you very much for your reception report of December 17th. I have checked our logs for December 15th and have found your information to be correct. Therefore, I can verify your reception of WWNS on December 15, 1975 from 0218 to 0230 EST.

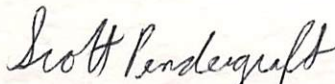

So far we have had 31 reception reports from this test. A DX'er in Lincoln, Nebraska heard us about the same time you did, but he could only read the code ID's just as it was in your case.

About 10 years ago (1963-67) I lived just south of Omaha, in Bellevue, right next to Offutt Air Force Base. At that time, my father was stationed there. It was in high school there that I first became interested in radio, AM and SW DXing and amateur radio.

I have enclosed some information about Statesboro and a sketch of our tower facilities that you may find interesting.

Again, thank you for the reception report and have a Happy New Year.

Sincerely,

Scott Pendergraft
Chief Engineer
