Dear Mr. Lindblade:

We were happy to receive your report on our test broadcast 0100 - 0130 MST on November 24. Yours, together with two others from the Omaha area, represented the farthest east reports received.

Some 15 reports are in hand to date, ranging from your area in the east to the Puget Sound region of Washington State and nearly to the Mexican border in San Diego County California.

KYME appreciates having been invited to participate in this program with the IRCA and the National Radio Club and we have examined each report with interest.

Thank you for letting us hear from you as we happily verify your reception of our test transmission.

Yours sincerely,

KYME BROADCASTERS, INC.
