Dear Friend:-

This is to confirm your reception of WRAM on Dec. 15, 1975. It was a pleasure to conduct the test in co-operation with the IRCA and NRC,

I am happy our signal was as clear as it was, considering our station is only a 1,000 watt, directional. *SE, S, SW*

As of this date, we have received ³⁹ reception reports from a total of 21 states and am pleased that yours is among them.

Sincerely,

Neil Zachmeyer

*Didn't get 1 report from N.W. of Monmouth.
Have had trouble with 300° monitor radial, due
to lightning 2 years ago.
K.F.H. blats in here at night when I'm working
on equipment but not on air.
Have a Wonderful New Year in '76"*
