Dear Mr. Lindblade:

This will confirm your report of reception of KVPI AM on Thursday, December 14.

I am glad that you got to hear some of our French programming which is offered six days a week to our 70 percent or better of the population who understand and enjoy the French language.

Am sending you our coverage map and fact sheet which will show our normal coverage area.

And thanks for the DX pamphlet. I had misplaced an old file in which I kept this and other such information.

May you and yours have a Happy and Holy New Year.

Sincerely,

A handwritten signature in cursive script that reads "Jim Soileau".
