Mr. Rolland L. Lindblade
1017 North 90th Street
Apartment #2
Omaha, Nebraska 68114

Dear Mr. Lindblade:

I was glad and somewhat surprised to find out anyone knew that I was up at that hour of the night. For your records you were receiving WKDL in Clarksdale, Mississippi. We were on the air from 12:01 AM 12:39 AM September 11, 1975. I hope that is all the information needed for verification.

As for any regular testing at the moment we aren't doing any more than necessary. Being the morning man and enginner gets me into bed rather early.

One thing more, I thought you might find interesting, I am a native Nebraskan. Hastings was my original home and I lived in Papillion since 1960. Small world.

Many thanks for the letter. If we should go to a regular testing program I'll drop you a line.

Sincerely yours
WKDL "SWEET 16"
