Dear Rolland:

Your logging is correct. Sign on 00:17 with I.D. 00:22 and sign off and cut carrier at 00:25 September 11, 1976. The odd time was a mixup on schedule..ordinarily 00:10 to 00:20 second Monday each month. It took a phone call at 00:16 to get me on the air.

Thanks for your letter and will enclose coverage map and windshield sticker as we have no bumper stickers.

Sincerely,

Lloyd Eby,
Chief Engineer
