Dear Rolland,

I was very pleased to receive your QSL on our station. The information that you sent us on your reception of KRSY on September 28, 1977 is correct.

KRSY broadcasts with a contemporary country format 24 hours a day, seven days a week on 1230 Khz with 1000 watts day, and 250 watts at night.

Once again thank you for the information and it will be filed in KRSY's public file.

A handwritten signature in cursive script that reads 'Tom Lang'.

Tom Lang
Program Director
