Dear Rolland;

In reply to your report # 157-76. I can say that you did pick up KSRC at the time you stated in your letter.

This letter is your verification of the reception of KSRC .KSRC makes a frequency check every month on the third saturday of each month. You lucked out. - I had to run another one and you found the carrier.

Enclosed is a area map of the New Mexico stations and two bumper stickers. You now are a official KSRC listener.

By the way, I'm a Yankton South Dakota boy. My wife is from a little town of Fordyce Nebr. I work on White Sands Missile Range and maintain KSRC. I built it back in 1958 and it's a all Gates equipment station.

Robert R. Sparks
