Dear Rolland,

We were pleased to receive a reception report from you dated 4-3-75.

Your logging correlates with our program log, and I hereby confirm your reception report.

We use a Gates B1G 250/1000 watt transmitter and a folded unipole antenna system; non-directional.

During the period that you heard us, 1:47 AM to 1:58 AM, we were running 250 watts to the antenna.

Good luck to you in your BC band DX'ing.

Sincerely,

Rob Sullivan

Rob Sullivan
Asst. Chief Engineer
