

# **KVOO RADIO**

**TULSA**

**50,000 watts 1170 kc**

**NBC AFFILIATE**

**on the air  
24 hours each day**

**THE VOICE OF OKLAHOMA  
SINCE 1925**

We are pleased to verify your report  
of reception on 21 NOV 1976  
at 1145PM CST. The picture, on the  
front, shows our studio building.  
Our transmitter plant, 11 miles east  
of Tulsa, includes the main 50 kw  
and 5 kw auxiliary transmitter with  
three 0.56 wave length vertical towers  
producing a cardioid directional anten-  
na pattern radiating nearly 100 kw to  
the southwest at night.

Please pay us a visit when you are  
in Tulsa
