November 18, 1974

Mr. Roland L. Lindblade
1017 North 90th Street, #2
Omaha, Nebraska 68114

Dear Mr. Lindblade:

Please consider this letter as a confirmation of your monitoring our station, 11 15 '74.

On said evening this office was performing final adjustments of our new Sparta 701B transmitter.

We operate at one thousand watts during daylight hours and five hundred watts at night, all non-directional.

Nice to hear from you,

Bill Havins

Bill Havins,
Projects Supervisor
