

KINE

1000 WATTS AT 1330

KPUP

STEREO AT 97.7

Jan. 2, 1975

Rolland L. Lindblade
Omaha, Nebraska

Dear Sir:

I wish to thank you for your reported reception of KINE on Dec. 22, 1974. Your report was correct as we were on the air for a frequency check and using a 1000 hz tone and station announcement.

I could not locate any coverage maps but am sending you one of our rate structure pamphlets which shows our coverage and also gives some information on Kingsville.

Thanks again for your report. Wishing you a very happy New Year.

Sincerely,

R. J. Whitaker
