Mr. Roland L. Lindblade,  
1017 N. 90th street, #2  
Omaha, Nebraska 68114

Dear Mr. Lindblade:

We wish to thank you for your report on reception of KXOL. This will confirm that you logged us correctly from 1:35am to 1:43am on March 26, 1979.

Our night signal is usually 1000 watts directional NW & SE. However, apparently you heard us while testing our 5000 watt non-directional transmitter. Incidentally, KRYS, which you heard also, is our "sister" station owned by the same company. They are 1000 watts con-directional in Corpus Christi.

Thanks again for your interest and best of luck in your hobby.

Sincerely yours,

  
Leo S. Burch,  
Chief Engineer
