

# Radio Montgomery, Inc.

February 19, 1976

Mr. Rolland L. Lindblade  
1017 N 90th St. #2  
Omaha, Nebraska 68114

Dear Mr. Lindblade:

This is to confirm your reception of WQBX Radio on January 26, 1976 at 3:31 AM EST.

WQBX came on the air in September 1974. We are a daytime station on 710 KHz with power of 5000 watts directional, north west.

Our antenna system is a three tower array with homebrew phasing system. The transmitter is a 1956 Gates BC5\_p. 7Q programs a light rock, top forty format.

I appreciate your report and extend an invitation to visit the station should you be in the area.

Sincerely,

Joseph P. Durham  
Chief Engineer
