Dear Mr. Lindblade:

This will verify your reception of WHSM on October 29, 1978 from 5:10 p. m. to 5:14 p. m.

I am pleased to hear that you received such a good signal. We are a daytime station with pre-sunrise sign-on authority. Our daytime power is 5000 watts, with pre-sunrise power of 500 watts. Our studios and transmitter are located four miles south of Hayward, Wisconsin, on U. S. Highway 63.

The statement you mentioned that you heard at sign-off in a language you didn't recognize did not come from us.

I am enclosing our current rate card, which also has a coverage map. Thank you for listening.

Sincerely,

Clarence L. Campbell
Station Manager
