IOWA RADIO NETWORK

August 1, 1975

Rolland L. Lindblade  
1017 N. 90th Street, #2  
Omaha, Nebraska 68114

Dear Rolland,

This is to verify that your reception report of KBOE-FM on July 15, 1975, agrees with our program log at 10:10 a.m., and 10:20 a.m. of the same date. I am pleased that our FM signal is intelligible in the Omaha area.

We broadcast with a Collins 830D-1A at our operating power of 960 watts with an effective radiated power of 3000 watts from our FM antenna mounted on top of our 275 foot AM antenna.

I am sorry to say we have no coverage map available. I appreciate hearing from you.

Sincerely,

*Gary Wilson*
