Dear Rolland;

Confirming your reception of KIWI 105.3 MHz Dubuque, Iowa on September 5 1977.

KIWI has a circular polarized signal 50,000 w ERP Horizontal and another 50,000 w ERP Vertical. Our transmitter and 400 ft. tower are located in "Flora Park" in the center of the city of Dubuque atop 250 ft. limestone bluffs overlooking the Mississippi river, southwest Wisconsin and northwest Illinois.

Thank-you for your reception report.

Lloyd Berg

Chief Engineer

KIWI
