Omaha, Nebraska 68114

Dear Mr. Lindblade:

This letter verifies your report of receiving WHLM Radio from 5:03 pm to 5:14 pm EDT on 106.5 Mhz, on July 20, 1975.

WHLM has powers of 1,000 watts directional, day and night pattern. The day patterns main signal is northeast and southwest. The night patterns signal is northwest to southeast.

Good luck in your DX listening.

Sincerely,

Anthony F. Hogg
