Norman Maguire
Albuquerque, N.M.

Dear Norman,

I am very sorry that you could not receive confirmation of your reception of WPBB sooner. I became C.E. of this station last Sept. and have handled quite a few cases like yours since then. The C.E. before me liked to sleep all day and go all night you see.

Your reception was during the station's ~~initiation~~ initiation or "check" period, prior to assuming regular commercial operation.

From the logs I do find that your reception was of this station. Good DX'ing to you,

Allen
