GLENN COUNTY BROADCASTERS — 1560 K.C.

The IQ Station for the Sacramento Valley Westside

Willows Hotel  
Willows, California  
WEllington 4-4654

January 19, 1962

Mr. Norman L. Maguire  
1420 Columbia Drive N.E.  
Albuquerque, New Mexico

Dear Norman:

It is a pleasure to acknowledge your reception report of January 15 and I take this opportunity to express our sincere appreciation for your interest in kIQs ("kicks"), Willows, California.

For your information, kIQs operates with a power of 250 watts from sunrise to sunset. Transmitter: RCA, 250 watts. Antenna: non-directional, vertical, 145 feet high. Ground System: 120 radials, 160 feet long. Ground Conductivity: Very high in this area. We are located in the Valley of the Sacramento River and the surrounding terrane is extremely flat in all directions for at least 20 miles. We went on the air officially, December 29, 1961.

Again, thank you very much for your encouraging report and for taking the time to write to kIQs.

Our best wishes to you for a very Happy and Fruitful 1962.

Sincerely,

(Walter D. Stewart)  
Chief Engineer
