Dear Mr. Maguire:

Your reception report of KLAC from 10:30 pm to 10:50 pm, PST,  
November 17, 1946, has been verified.You may be interested to know that KLAC transmitters are located in  
the heart of Hollywood, on the site of the old Cahuenga River bed.  
The ground signal is exceptionally strong and covers Southern  
California with almost perfect reception, from the Tehachapi Mountains  
on the north, well into Mexico on the south.We receive numerous letters from all over the United States, islands  
in the Central and South Pacific and from the sea, telling of the  
clarity of reception of KLAC programs.

Thank you for writing to us.

Cordially yours,

  
Don J. Fedderson  
General Manager
