General Manager  
Radio Station KRNO  
San Bernardino, California

Dear Sir:

I had the pleasure of tuning your station, KRNO, this morning while you were broadcasting on 1240 kilocycles. I would like very much to receive a verification of my reception of KRNO if this report agrees with your station log.

Program details: Pacific Standard Time.

1:01 A.M. Selection.  
1:04 "Yes, this is station KRNO, San Bernardino. 1240 on your radio dial." Selection, "Let It Snow" -unannounced.  
1:07 "Yes, it's station KRNO, San Bernardino. 1240 on your radio dial." Selection, "Everything Happens To Me"  
1:11 "Yes, it sure does. This is Radio Station KRNO, San Bernardino. 1240 on your radio dial."  
1:14 "This is KRNO, San Bernardino." Selection, "Hail, Hail, the Gang's All Here"  
1:15 "This is KRNO, San Bernardino."  
1:16 "KRNO, San Bernardino. 1240 on your dial."

Your signals were R-5, S3-5. There was slight interference from other stations on the channel. There was also considerable fading and static. The weather was fair with the stars bright and the temperature about 15°. My receiver was a Hammarlund HQ-129X using a 135 foot East-West antenna.

Hope that this report may be of interest to you and your staff and that I may have the pleasure of receiving a confirmation of my reception of KRNO. Thank you very much.

Yours truly,
