Dear Sir,

We received your report on the reception of this Station on the 15th. February.

Your report enabled us to identify the programme quite easily. We are very delighted to receive a report from the other side of the world. Yours is the second we have received from America - the other came from West Virginia. As our power is only two kilowatts we feel that it is quite an achievement to send an audible signal to America. Thank you very much for the report.

Yours faithfully,
REGENT BROADCASTING COMPANY.
