Dec. 19. 1955

1420 Columbia Drive NE  
Albuquerque, New Mexico, USA.

Dear Mr. Maguire

May we extend our sincere thanks for your letter.

We confirmed your received<sup>e</sup><sub>^</sub> signal. The programs were girl's  
drama from 1800 JST to 1815 JST and orchestra from 1815 JST  
to 1830 JST on that day.

We have been interesting for your report and surprised  
that our signal has been receiving so fairly at very far distance.

We hope to catch our program at will and sometimes  
inform the result.

Thank you very much

Yours truly.

  
S. Hase  
Chief Engineer.
