Dear sir,

We hereby acknowledge the receipt of your letter dated October the 23rd, 1945. We are glad to be able to confirm that you have been listening to one of our medium-wave stations on 995 kc/s.

At present we are broadcasting with 60 kW after 17.00 hrs. G.M.T. and we are getting reception-reports from several DX-fans in the U.S.A. and even one from South Australia.

Being a normal non-commercial public-owned broadcasting service we cannot send you a QSL-card for this transmitter, but we enclose herewith one from our shortwave-stations.

We should like to hear that you are able to tune in on one of them too. Please send your reports to: Radio Nederland, Bureau Techn. Directeur, Postbox 150, Hilversum.

With kind regards,

yours faithfully,
Bureau Technisch Directeur
