Mr. Norman L. Maguire  
1420 Columbia Drive NE  
Albuquerque, New Mexico

Dear Mr. Maguire:

We take pleasure in acknowledging your reception report of Sunday, February 2, 1958. Your report agrees with our records.

You may be interested in a brief description of our station equipment. Our transmitter is a Gates BC-1-J, 1000 watts feeding a 220 foot vertical antenna. We are located on a small hill in Honolulu about 180 feet above sea level on the southern tip of the central island of Oahu. We also operate the only full time commercial FM station in the Territory of Hawaii on a frequency of 95.5 Mcs with an effective radiated power of 6000 watts feeding an RCA 4 section pylon antenna 70 feet above the ground. We are on the air from 6 AM to 11 PM.

The station is owned and operated by the Christian Broadcasting Association, a non-profit corporation dedicated to the purpose of Broadcasting the Christian message throughout the Hawaiian Islands and the South Pacific. Our programming is pre-dominately popular concert and classical music with religious programming in the early morning and late evening as well as during the day on Sunday.

Thank you for your interest and assistance in forwarding your reception report. We would be pleased to send you further information if you should desire.

Very truly yours,

*Robert Lyon*
