Dear Sir:

In answer to your letter of Jan. 26 1966, After comparing your detailed report of reception of Radio Station K.O.N.A. with our station log, I find your report in complete agreement with our log and assume your reception must have been good you logged a s reading of 7 which verifies above facts. Good to hear from people on the island of Oahu. I hope this letter is good enough for your verification and if you are coming to the big Island in the future would appreciate it if you came up for a visit to our station.

Thanking you again for your report

I remain sincerely

*Stanley Sleightholm*
