

May 1, 1957

Mr. Norman L. Maguire
1420 Columbia Drive NE
Albuquerque, N.M.

Dear Mr. Maguire;

This is to confirm your report on reception of KEOK on our test program of April 13, 1957. Thanks a lot for your courtesy.

KEOK is 1000 watt, day-light and directional station. Two 325 Ft. top loaded towers. Collins XR and studio equipment, Andrew phaser, and General Radio monitors. The people who own KEOK also own KQUE in your city, and KTRI in Sioux City, Iowa.

The test brought replies from all the eastern states, and two from eastern Canada.

Thanks again,

Wilbur Flaherty
