Dear Sir:

Since you had the pleasure of listening to our station, I can report that it was a pleasure hearing from you. From checking as far as I can, your report can be called correct. Our Kilowatt is furnished by a 20C Collins which is scheduled for early replacement in March. You no doubt picked us up on a skip, how many I don't know. This frequency is crowded along with adjacent stations making tuning nearly impossible outside our service area.

Thank you for your letter.

Yours truly,

Royce Baerg, C. E.
