Dear Norman;

Yes this is the city where the moon comes over the mountain(in two quart fruit jars) and your details were plenty correct.

Was very interested in your letter since my Wife is a Connecticut girl (South Norwalk) Glad you could hear us up there.

Wish I had your HQ 129X I am limping along with a Sky Champ and in case you are also a HAM my call is W4HTE and am on 80 most of the time and a good deal on 40 .

Sincerely Yours

C. R. Frederick Eng.
