NOVEMBER 26, 1941

Dear Norman,

Thanks very much for your frequency check verification card of November 8, 1941. We would have sent this note sooner but were very busy and were unable to find our regular D-X verification cards.

I am surprised that it came in so good down there as our frequency checking agency in California were unable to get us.

For your information, our regular frequency checks are held on the second Saturday of each month between 4:35 and 4:50 AM.

Yours very sincerely

KG CX
