Dear Mr Maguire,

I am more than happy to
verify your report. Believe you could have
read us solidly if WARD Greenwood miss.
had not been testing. — They are now down
three and went on without giving identification
after 4:00 AM.

It is still a nice distance from Center
Rama to N. M. for 1 KW to go.

Have never had the pleasure of being in
your home state. Been in Okla but never
N. M. — understand you have a climate
that can't be beat.

Thanks again for report. and good luck
— see you again on the air sometime
