Dear Mr. Maguire:

This will verify your nice report on the reception of our station while conducting a scheduled frequency check. We appreciate your interest in our station reception, and hope you the best of luck and good DXing.

A report from Chicago, Erie-Penn. also listed QRM by WJLB. Thank you for your information. I have a new Hammarlund HQ-129-X also but do little DXing.

Very truly yours,

  
George W. Daugherty  
Chief Engineer
