Dear Mr. Maguire:

Thank you very much for your report on our signals on our test broadcast of April 4, 1947. I am sorry that you did not get this confirmation before now. It is a pleasure to send you this verification as your letter adds a new state to our collection of reports.

I notice that you are an amateur, perhaps if you are active we will have a QSO sometime. I operate on 20 and 40 meter CW and 75 meter phone, if you work these bands and hear me on be sure and give me a call. I would be pleased to contact you.

Very truly yours,
Radio Station WKS R
