"YOUR FRIENDLY VOICE OF EAST TENNESSEE"

1370 ON YOUR DIAL - 1000 WATTS

ROGERSVILLE, TENNESSEE

February 1, 1956

Mr. Norman L. Maquire  
1420 Columbia Drive NE  
Albuquerque, New Mexico

Dear Mr. Maquire:

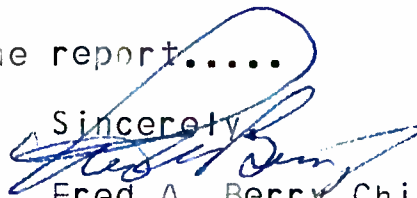

Finally here is our reply to your DX report of November 11, 1955.

Certainly appreciate your report and beg your pardon for this late answering but things have been rather busy around here since that time.

WRGS IS located about 1 mile east of Rogersville and Rogersville is about midway between Knoxville and Bristol on US 11-W. We use a BC-1J Gates Transmitter and the other equipment is also Gates. The tower is 200' vertical uniform Cross-section and is series fed. The ground system is 120 - 200' and 120 - 50' radials.

Thanks again for the report.....

Sincerely,

Fred A. Berry, Chief Engineer
