Dear Sir,

as I have never gotten around to having some verification cards printed, maybe this will serve to confirm your report on the reception of our station on Dec. 8, 1943, 4:07 AM to 4:20 AM. C.W.T.

I find your log checks with ours on the Complete Program - Our carrier was turned on at 4:05 AM. but Program did not start until 4:06 AM.

Thanking you, and wishing for you continued success and happiness in your chosen hobby I remain,

Yours for Victory
Mitchell C. Secrest
Chief Engineer

P.S. also received a letter from a fellow in New Orleans La. asking for confirmation on same program. I am in again soon and I will have some verification cards printed by next month, I hope, and will send you one.
