

K I M A

CASCADE BROADCASTING COMPANY INC.

AFFILIATE COLUMBIA BROADCASTING SYSTEM

YAKIMA, WASHINGTON

January 28, 1949

Dear Mr. Maguire:

Thank you for your communication of January 21.

Since we broadcast on a frequency of 1460 kilocycles we are, unfortunately, unable to verify your report of reception of KIMA. We hope you will continue to listen, however, and possibly in the near future we can give you the good word.

Best of luck.

Sincerely,

J. Barry Watkinson
Chief Engineer

Mr. Norman L. Maguire
