This is to confirm your reception of K F E L September 17, 1957.

As you will note from the letterhead, K F E L operates on 970 kilocycles with a power of 1000 watts. K F E L is a daytime radio station operating at night only when testing equipment.

Our regular monthly frequency test comes on the third tuesday morning of each month at 12:15 to 12:30 M. S. T.

Thank you very much for the reception report. These reception reports are an invaluable aid to the broadcast engineer.

Sincerely,

John T. Roscoe.
