Dear Mr. Mann:

Thank you very much for your report on reception of KCMO. Your report has been checked against our program log and found to be entirely correct.

KCMO operates on a round the clock basis and so it is quite possible that you would hear us at other times when interference on the channel is at a minimum.

Am sorry that I was not at the station at the time of your visit. I usually do not come in until late in the afternoon. Perhaps we can get together during your next visit to the city.

Sincerely,

Karl Troeglen
Technical Director
