Hi Carl,

I'm returning the stamp..WSM can stand the loss!

Just a quick note to let you know that I'm a DXer as well. I am also quite familiar with the Omaha market having listened to Omaha stations as a kid growing up in South Central North Dakota.

In later years I made friends with a few people at KFAB during trips through your area.

The picture post card is quite flattering...I don't remember it looking quite THAT good!

My DXing interests have pretty much switched from AM to TV. At this point I've logged about 240 tv stations here in Nashville...among them KMTV (both tropo and E-skip) and WOWT (tropo only).

Good DXing and thanks for your note and your nice comments about WSM.

Sincerely,

A handwritten signature in blue ink that reads 'Tom Bryant'.
