Dear Mr. Mann:

Thank you for the nice report on our station. We regret the delay in answering your request for verification which was due to a change of stationery.

It is with pleasure that we confirm your reception of KCTA on November 28, 1959 from 1554 to 1556 C.S.T. while operating on a frequency of 1030 KC/s with a power of 50,000 watts.

We here at KCTA are always very happy to receive reports on the reception of the station and hope you may have enjoyed the program.

With very best wishes from all of the staff,

Cordially,

Paul H. Waller, W5BCN
Chief Engineer
