Mr. Murry Mann  
3702 S. 17th  
Omaha 8, Nebraska

Dear Murry:

This is to confirm your reception of radio station KLYN on a frequency of 940 kc. KLYN operates with a radiated power of 1000 watts. At the time you received our signal we were conducting a promotional stunt, celebrating our severing connections with the CBS Radio Network and also the moving to our new studios at 112 W. 5th. Thanking you very kindly for your DX Reception report, I remain,

Cordially,

Mr. Gene Fenemore  
Chief Engineer

Radio Station KLYN  
Amarillo, Texas
