Sr. CARL MANN

U.S.A.

We have received with much pleasure your letter with the report of our broadcast in short wave. To your satisfaction, we inform you that it is positively right.

We are including in this envelope a post-card with the technical facts from our radio station. We hope that you will be very pleased thereby.

The short-wave Broadcast began since August 22nd 1987, 2:00 PM (1800 GMT or UTC).

The first broadcasting report was sended by JOSE MAURICIO NEYRA from Cúcuta, Colombia, who tuned us on the same day of our transmission at 4:30 PM (2030 GMT or UTC).

The second one came from Kenosha, Wisconsin, USA; it was tuned in by DONALD JENSEN from 7:27 until 8:20 PM (2327-0020 GMT - UTC) on August 23rd 1987.

The third report was received from St. Petersburg, Florida by DAVID POTTER who tuned us on at 10:05 until 11:00 PM (0205-0300 GMT) on August 23 1987.

Our programming is based on a message of LOVE, UNITY and HOPE FOR ALL MANKIND, in cultural, educational and religious broadcastindg with the aim to counteract in our might and with God's grace, the evil that sin has brought into the world, which is undermining the basis of morality and faith.

We invite you to share this message of salvation monitoring for RADIO AMANECER INTERNACIONAL in your area. Above all, remember that: "God so loved should not perish, but have everlasting life" John 3:16 (Holy Bible).

We are looking forward to receive news again from you,

Sincerely, yours

Pr. ALEXIS MUÑOZ
