Dear Sir,

Thank you for your letter and the tape which you sent to us in January. I had listened to the tape many times but due to the strong atmospheric interference I could not make up what was inside the tape. 4950 KHz is one of our frequencies which carry English programmes and the times and programmes you wrote in your letter are in correspondence with our programme-logging. I think at that time you were listening to our station. I am sending you a QSL card separately.

Yours faithfully,

(KHO CHENG MONG)  
for Director of Broadcasting,  
Sarawak.
