February 23, 1990

Dear Mr. Mann,

I received your letter dated, February 14, 1990 and having read that you did not receive a reply, I would like to respond to your letter, personally. It is our standard practice to forward all letters to Boston, so that our Letterbox staff may respond. It occurs to me that perhaps your letter somehow didn't make the trip.

We have just completed a great deal of construction for our expansion of our new transmitter No. 2, and perhaps maybe the U. S. Postal Service may have something to do with it.

In any event:

15385 kHz                      November 19, 1989                      1400-1505 GMT

Confirmed

  
Doming F. Villar

P. S. Enclosed please find a program guide and we appreciate you writing to us and hope you continue to listen and enjoy the broadcasts.
