Dear Carl Mann,

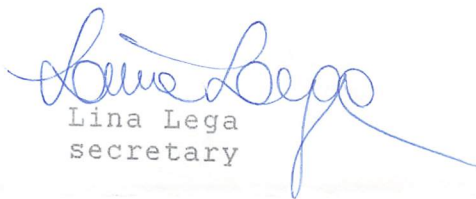

We thank you for your reception report!

The broadcasts from the Novosibirsk station is a rather recent addition to AWR as you may know. Unfortunately, we do not have QSL cards for that particular station as of yet. We plan on getting them printed soon. When you wish to correspond with the Novosibirsk station, please do so through us here at Forlì.

Enclosed please find a QSL-card to verify your reception report and a report form for another report for us and a programm schedule from Novosibirsk and Moscow.

We wish you all the best and look forward to hearing from you again.

Sincerely

Lina Lega
