**PRINTED MATTER**

Aum Shinrikyo was founded based on His Holiness the Master Shoko Asahara's altruistic philosophy of saving every sentient being in this universe. Aum is a holy mantra which symbolizes the impermanent nature of this universe. *Shinri* means the truth in Japanese and *kyo* means to teach. In June 1992, the broadcast of *Euangelion Tes Basileias* started to spread the teachings of His Holiness over the world. *Euangelion Tes Basileias*, ( *εὐαγγέλιον τῆς βασιλείας* in Greek) which is usually translated as "Gospel of the Kingdom" means "the announcement of the truth of the Holy Heaven."

## *The Spirit of Truth*

### HIS HOLINESS THE MASTER, SHOKO ASAHARA

After eight years of strenuous practice of Yoga and Buddhism, His Holiness the Master, Shoko Asahara attained final enlightenment in the Himalayas in 1986. He founded Aum Shinrikyo in 1987 and continues to devote himself to the severe practice of Mahayana path. As a guru (spiritual teacher) with incomparable skills, he has to date guided more than 350 disciples to various stages of enlightenment.

Master Asahara's high meditation stage has been highly spoken of by the spiritual masters in the traditional Buddhist countries, such as India, Sri Lanka, and Bhutan. A Tibetan reincarnated lama acclaimed Master Asahara as *Yeshe* (the one who has attained perfect absolute divine wisdom). With divine powers developed through the practice of meditation and with enlightened wisdom, Master Asahara shows his genius not only in the spiritual domain, but in various fields such as science, medicine, music, writing, translation, education, etc. In this age of crisis, his unique leadership with altruism and devotion has a great significance to world peace and the survival of human beings.

In April 1992, Radio Aum Shinrikyo started broadcasting to Japan via Radio Moscow and in June began broadcasting around the world, advancing His Holiness' plans for salvation a step further.

Aum Shinrikyo as of February 1993 has 10,000 lay practitioners (members) and 700 disciples (monks and nuns). There are 22 branch centers in Japan and 4 overseas (New York, Bonn, Sri Lanka and Moscow).

### ☉ The Eternal Inheritance Is Holy Heaven

†

*For this reason Christ is the mediator of a new covenant, that those who are called may receive the promised eternal inheritance - now that he has died as a ransom to set them free from the sins committed under the first covenant.*

[Hebrews 9:5]

The promised eternal inheritance - this is nothing but the Holy Heaven. It does not denote this earth. This is a crucial point. Those who adhere to the erroneous interpretations of Jesus' teaching often try to make a paradise on this earth, but there is no paradise on this earth. This earth is a world of vipers full of poisons. But this very world of vipers can be the best place for practice for us. Since our life is filled with suffering, we will try to get out of such a world and seek for a truly happy world. This is the beginning of our practice. And the goal of Jesus' teaching is to enter the Holy Heaven.

There is an expression in a Buddhist scripture "the king of Saha world." The king of Saha world means the king of the eternal world. The length of

life such as one Kalpa or two Kalpas is equal to eternity to our human senses. To receive the promised eternal inheritance is to leave this coarse and impure world of vipers full of poisons and to enter the Holy Heaven.

One can enter the Holy Heaven by practicing the teaching of Jesus Christ. As mentioned, the life span in this world is between 10 billion to 40 billion years. It is no wonder then that one mistakenly believed that it is eternity.

From *Declaring Myself the Christ*

### ☉ The Most Valuable Treasure for Your Future

What is the teaching of the truth? Firstly, it is the calm eye to look at this world of phenomena as it is. Secondly, it detaches us from this world of phenomena and enables us to look through the three realms: the realm of desire, the realm of form, and the realm of non-form. To use different terminology, it makes it possible to understand the phenomenal world, the astral world, and the causal world, or makes it possible for us to go freely to these worlds. What is its merit then? Dead or alive, there is nowhere else for us to go except these three worlds. If so, isn't it a great benefit for us to understand life
