Dear Carl

Thank you very much for your letter dated 19 March 1984 addressed to Radio 5 which has been forwarded to me for my attention.

I have pleasure in enclosing a Radio 5 QSL card verifying your original reception report sent in January. I apologise for the delay in replying to your original report.

As you are also in the broadcasting business, I am enclosing some information about the SABC which I am sure will be of interest to you.

As you are obviously a keen shortwave listener, you might be interested in joining our Radio RSA Monitoring Panel, run by our External Service. Enclosed is some information about the Panel and also a questionnaire. If you would like to join, please complete and return the questionnaire as soon as possible. Further information will then be forwarded to you.

As I am interested in the technical facilities of your station, perhaps you could include some information about KCRG in your reply.

Best wishes and good listening.

Yours sincerely

Colin Miller
