Radio SRS, a government owned station, was founded in 1965. We transmit on three frequencies: 725 Kcs 50 Kw AM transmitter, 96.4 Mcs 2000 Watt FM

Stereo transmitter en 10 Kw SW transmitter on 4850 Kcs. Our main purpose is to serve the local population with news, music and other entertainment and educational programs. We broadcast daily from 05.30 a.m. till 01.00 a.m. (local time)

The SW transmitter closes down at 22.00 hrs (local time) During some times of the day we do a separate program (SRS II) on FM Stereo for local listeners who prefer good music to long information programs.

Our first programm (SRS I) is also broadcast on a small FM mono transmitter (10 watts) om 93.1 Mcs.

We have a total amount of 26 full time employees in our service and another 26 part time workers in different fields. Suriname is situated in the northern part of South America and is bounded on the north by the Atlantic, to the west Guyana, to the east French Guyana and to the south Brasil.

Our total surface is 162.000 km and we have of 400.000 inhabitants. We are a tropic c different racial groups. The major races are dians, Chinese, Javanese, Amerindians and main export products are bauxite, aluminium sugar, bananas and other agricultural products is a former Dutch colony.

We became independent in November (25th 350 years of Dutch colonisation. Our lingua "Sranang tongo" (the Surinam language) b officially spoken in the schools, universities, shops. Besides, many other languages are sp the many ethnic groups who live in comple with each other.
